

North Pocono

Science Olympiad chemistry captain Kelly Bollard earned first place in two regional Science Olympiad events and competed on the state level.

It was an experience she recalled as one of her most memorable while at North Pocono High School.

A volunteer at St. Eulalia's Bible camp and science camp last summer, she was an altar server for six years at St. Patrick's Church.

Kelly received the Diocese of Scranton Bishop's Youth Award and the Sutton Scholarship from Indiana University of Pennsylvania. She also raised more than \$350 for pancreatic cancer.

Ranked in the top 20 percent of her class, Kelly is the daughter of James and Alison Bollard. She is a member of the National Honor Society and the prom committee.

Next year, Kelly plans to attend college to major in natural sciences and pre-optometry then attend Salus University's accelerated program for her doctorate.
